

## DMH Forensic Mobile Team

### Forensic Mobile Team:

- DMH/DBH Community Behavioral Health Program
- Conducts outreach and provides services (either in person or via telehealth) to individuals in all Missouri county jails
- In FY2024, Forensic Mobile Team members had over 6000 contacts with clients

### Team Members:

- Advance Practice Nurse (APN) -conducts comprehensive medical/psychiatric assessments, ongoing medication/medical consultation, supportive psychotherapy, treatment planning, tele-psychiatry, and prescribes medication
- Community Support Nurse (CSN) - conducts nursing assessments, screening tools, health assessment measures, and supports evidence-based treatment practices
- Case Manager/Diversion Recovery Coach (DRC) - provides evidence-based treatment practices, case management support for the APN and CSN, conducts functional assessments, progress evaluations, and provides the warm handoff to ensure individuals are connected with a community behavioral health provider

### Goals:

1. Provide time-limited treatment and supports for individuals identified as SMI or SED who are:
  - a. Ordered for a pretrial mental health evaluation or deemed incompetent to stand trial ([552.020 RSMo](#)) and are on the 'wait list' for an evaluation or bed in a state psychiatric hospital
  - b. Returned from state psychiatric hospital and are awaiting court procedures
2. Connect justice-involved individuals ([Chapter 552 RSMo](#)) to the following community-based services:
  - a. Community behavioral health treatment
  - b. Housing
  - c. Employment
  - d. Other programs critical to recovery
